

Hearing set for Geauga Lake JEDD

Bainbridge Township Trustees unanimously approved the date for a public hearing on a joint economic development district contract, known as a JEDD, with the city of Aurora regarding the Geauga Lake property. The hearing is set for Sept. 28 at 7:30 p.m.

The contract and accompanying attachments will be posted for public review for 30 days at the township fiscal office in the Bainbridge Township Town Hall, 17826 Chillicothe Road.

The public hearing comes after months of closed door discussions with township and city officials in hopes of potential development for the 332 acres of the former Geauga Lake Amusement Park, which closed in 2007, followed by the closing of Wildwater Kingdom in 2016.
