Be sure to identify yourself as a River's Edge MEMBER

Using fewer vendors for trash collection in our neighborhood offers many positive benefits.

Fewer trucks in our neighborhood make our streets quieter and safer for kids, walkers, bikers, and pets. It also means less wear-and-tear on our roads, requiring repair and replacement less often. And it means fewer chances for wind, weather, and foraging animals to spread unsecured trash in the neighborhood.

All of that is all good for all of us who live here.
